Oculus Go operation manual

# 1. Package contents and controls overview

# 2. Charging

1) Plug in the supplied micro USB cable and connect to a computer or USB charger.

2) Refer to the below table to get the battery status *while the headset is plugged in*:

Green	Solid	Battery is Charging (Above 95%)
Orange	Solid	Battery is Charging (Below 95%)

## 3. Before use

- 1) Ensure the headset is charged
- 2) Install the eyeglasses spacer if needed. You can try the headset on without the spacer first if your vision is close to perfect.
  2.1) The following link provides a step-by-step guide on installing the eyeglasses spaser: https://youtu.be/YA5U8MbkUrE
- 3) Wipe the lenses with provided lens cloth.
- 4) Ensure the controller contains the AA battery and the lanyard is attached.

### 4. Operation

- 1) Put the headset on adjusting the straps as necessary it should fit comfortably and shouldn't apply too much pressure on your face and head.
- 2) Press the power button until the Oculus appear on the screen.
- If prompted, long-press the oculus/menu button on the controller to recenter the screen. (The system can give a warning of low controller battery charge in which case the AA battery should be replaced).
  - 3.1) Controller use:

- 4) Once at the home screen, adjust your view by slowly moving the headset up/down and left/right until the image is clear.
- 5) The headset display can go to sleep (if taken off for example) short press the power button to turn the display back on. Alternatively a sensor inside the headset reactives it every time it's put on.

- 6) The headset has built in speaker system volume can be adjusted using the volume button located on the top of the headset.
- 7) Headphones can be used if needed the headphone jack inlet is located next to the micro USB port.
- 4.1 Light indicator meanings (*while in operation*)

COLOR	STATE	MEANING
Red	Solid	Low Battery (Less than 15%)
White	Solid	Screen is On
White	Blinking	Oculus Go is Rebooting
Orange	Solid	Headset is Starting Up

5. Connecting to Wi-Fi

Wi-Fi connection is required to operate the headset, navigate to **Settings** then **Wi-Fi** to choose a network:
